ASID NE Chapter, Cape Cod Peer Group

Brief discussion and networking session to be held before the CEU program to introduce the idea of an ASID Peer Group for Cape Cod. The purpose of the peer group is to enhance overall ASID membership benefits by providing an informal forum for members to learn, network and share information in a local atmosphere of professionalism and friendship plus provide presentation opportunities for Industry Partners. This is a great chance to get to know your fellow designers and industry partners. Please come and share your thoughts on what programs and topics you would find most beneficial.
